**INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF GMI CAPITAL SECURITIES (PRIVATE) LIMITED
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

Opinion

We have audited the annexed financial statements of **GMI Capital Securities (Private) Limited** which comprise the statement of financial position as at June 30, 2021, and the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2021 and of the profit, other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Information Other than the Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The Other Information comprises the information included in the Company's Annual Report does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the Company's business; and
- d) No zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).
- e) the Company was in compliance with the requirement of section 78 of the Securities Act 2015, and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations, 2016 as at the date on which the financial statements were prepared.

The engagement partner on the audit resulting in this independent auditor's report is **Farhan Ahmed Memon**.

Chief Executive

Director

GMI CAPITAL SECURITIES (PRIVATE) LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2021

1 NATURE AND STATUS OF BUSINESS

GMI Capital Securities (Private) Limited (the Company) was incorporated in May 22, 2006 as private limited company. The registered office of the Company is situated at 705, 7th Floor, Stock Exchange Building, Stock Exchange Road, Karachi, Pakistan. The Company is engaged in the business of financial consultancy, brokerage, underwriting and investment counseling. It is a Trading Right Holder of the Pakistan Stock Exchange Limited.

2 IMPACT OF COVID-19 ON THE FINANCIAL STATEMENTS:

A novel strain of coronavirus (COVID-19) that first surfaced in China was classified as a pandemic by the World Health Organization on 11 March 2020, impacting countries globally including Pakistan. Government of Pakistan has taken certain measures to reduce the spread of the COVID-19 including lockdown of businesses, suspension of flight operations, intercity movements, cancellation of major events etc. These measures have resulted in an overall economic slowdown, disruptions to various business and significant volatility in the Pakistan Stock Exchange (PSX). However, currently, the potential impacts from COVID-19 remain uncertain, including, among other things, on economic conditions, businesses and consumers. The extent of these impacts on the Company are unclear. The Company is conducting business with some modifications to employee working and cancellation of certain events, among other modifications while following all necessary Standard Operating Procedures (SOPs). The Company will continue to actively monitor the situation and may take further actions that alter its business operations as may be required by Federal, Provincial or Local Authorities or that are in the best interests of our employees, customers, partners, suppliers and stockholders. However, the management based on its assessment considered that there would be no significant impact that will adversely affect its businesses, results of operations and financial condition in future period.

3 BASIS OF PRESENTATION

3.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of :

- International Financial reporting standards (IFRS standards) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 ; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions and directives issued under the Companies Act, 2017 differ from the IFRS standards, the provisions of and directives issued under the Companies Act, 2017 have been followed.

Preparation of financial statements also include disclosure required by Securities Brokers (Licensing and Operations) Regulations, 2016.

3.2 Basis of measurement

These financial statements have been prepared under the historical cost convention, except for derivatives and investment.

3.3 Functional and presentation currency

These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

3.4 New accounting pronouncements

3.4.1 Amendments to approved accounting standards and interpretations which became effective during the year ended June 30, 2021.

During the year certain new accounting and reporting standards / amendments / interpretations became effective and applicable to the Company. However, since such updates were not considered to be relevant to these financial statements, the same have not been reported.

3.4.2 New / revised accounting standards, amendments to published accounting standards and interpretations that are not yet effective

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after the dates specified below:

3.4.2.1 Interest Rate Benchmark Reform - Phase 2 which amended IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16 is applicable for annual financial periods beginning on or after January 01, 2021, with earlier application permitted. The amendments introduce a practical expedient to account for modifications of financial assets or financial liabilities if a change results directly from IBOR reform and occurs on an 'economically equivalent' basis. In these cases, changes will be accounted for by updating the effective interest rate. A similar practical expedient will apply under IFRS 16 for lessees when accounting for lease modifications required by IBOR reform. The amendments also allow a series of exemptions from the regular, strict rules around hedge accounting for hedging relationships directly affected by the interest rate benchmark reforms. The amendments apply retrospectively with earlier application permitted. Hedging relationships previously discontinued solely because of changes resulting from the reform will be reinstated if certain conditions are met. The application of the amendment is not likely to have an impact on the Company's financial statements.

3.4.2.2 COVID - 19 - Related Rent Concessions (Amendment to IFRS 16) - The International Accounting Standards Board (the Board) has issued amendments to IFRS 16 (the amendments) to provide practical relief for lessees in accounting for rent concessions. The amendments are effective for periods beginning on or after June 01, 2020, with earlier application permitted. Under the standard's previous requirements, lessees assess whether rent concessions are lease modifications and, if so, apply the specific guidance on accounting for lease modifications. This generally involves remeasuring the lease liability using the revised lease payments and a revised discount rate. In light of the effects of the COVID - 19 pandemic, and the fact that many lessees are applying the standard for the first time in their financial statements, the Board has provided an optional practical expedient for lessees. Under the practical expedient, lessees are not required to assess whether eligible rent concessions are lease modifications.

The practical expedient introduced in the 2020 amendments only applied to rent concessions for which any reduction in lease payments affected payments originally due on or before June 30, 2021. In light of persistence of economic challenges posed by the COVID-19 pandemic, the Board has extended the practical expedient for COVID - 19 related rent concessions by one year i.e. permitting lessees to apply it to rent concessions for which any reduction in lease payments affects only payments originally due on or before June 30, 2022.

Rent concessions are eligible for the practical expedient if they occur as a direct consequence of the COVID - 19 pandemic and if all the following criteria are met:

- a. the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- b. any reduction in lease payments affects only payments originally due on or before June 30, 2020; and
- c. there is no substantive change to the other terms and conditions of the lease.

The above amendments are not likely to affect the financial statements of the Company.

3.4.2.3 Onerous contracts - Cost of Fulfilling a Contract (Amendments to IAS 37) effective for the annual periods beginning on or after 1 January, 2022 amends IAS 1 by mainly adding paragraphs which clarifies what comprises the cost of fulfilling a contract. Cost of fulfilling a contract is relevant when determining whether a contract is onerous. An entity is required to apply the amendments to contracts for which it has not yet fulfilled all its obligations at the beginning of the annual reporting period in which it first applies the amendments (the date of initial application). Restatement of comparative information is not required, instead the amendments require an entity to recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings or other component of equity, as appropriate, at the date of initial application. The amendments are not likely to affect the financial statements of the Company.

3.4.2.4 Property, Plant and Equipment: Proceeds before Intended Use (Amendments to IAS 16) effective for annual periods beginning on or after January 01, 2022 clarifies that sales proceeds and costs of items produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management e.g. when testing etc., are recognized in statement of profit or loss in accordance with applicable Standards. The entity measures the cost of those items applying the measurement requirements of IAS 2. The standard also removes the requirement of deducting the net sales proceeds from cost of testing. An entity shall apply those amendments retrospectively, but only to items of property, plant and equipment that are brought to the location and condition necessary for them to be capable of operating in the manner intended by management on or after the beginning of the earliest period presented in the financial statements in which the entity first applies the amendments. The entity shall recognize the cumulative effect of initially applying the amendments as an adjustment to the opening balance of retained earnings (or other component of equity, as appropriate) at the beginning of that earliest period presented. The amendments are not likely to affect the financial statements of the Company.

3.4.2.5 Amendments to IFRS 3 'Business Combinations' - Reference to the Conceptual Framework, issued in May 2020, amended paragraphs 11, 14, 21, 22 and 23 of and added paragraphs 21A, 21B, 21C and 23A to IFRS 3. An entity shall apply those amendments to business combinations for which the acquisition date is on or after the beginning of the first annual reporting period beginning on or after January 01, 2022. Earlier application is permitted if at the same time or earlier an entity also applies all the amendments made by Amendments to References to the Conceptual Framework in IFRS Standards, issued in March 2018. The amendments are not likely to affect the financial statements of the Company.

3.4.2.6 Amendments to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current amendments apply retrospectively for the annual periods beginning on or after January 01, 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non-current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS 8. The management is currently in the process of assessing the impacts of these amendments to these financial statements.

3.4.2.7 Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2) - the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help Companies provide useful accounting policy disclosures. The key amendments to IAS 1 include:

- a. requiring companies to disclose their material accounting policies rather than their significant accounting policies;
- b. clarifying that accounting policies relating to immaterial transactions, other events or conditions are themselves immaterial and as such need not to be disclosed; and
- c. clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The management is currently in the process of assessing the impacts of above amendments to these financial statements.

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after January 01, 2023 with earlier application permitted.

3.4.2.8 Definition of Accounting Estimates (Amendments to IAS 8) - The amendments introduce a new definition for accounting estimates clarifying that they are monetary amounts in the financial statements that are subject to measurement uncertainty.

The amendments also clarify the relationship between accounting policies and accounting estimates by specifying that a Company develops an accounting estimate to achieve the objective set out by an accounting policy. The amendments are effective for periods beginning on or after January 01, 2023, and will apply prospectively to changes in accounting estimates and changes in accounting policies occurring on or after the beginning of the first annual reporting period in which the company applies the amendments. The amendments are not likely to affect the financial statements of the Company.

3.4.2.9 Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12) - The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, Companies will need to recognize a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after January 01, 2023 with earlier application permitted. The amendments are not likely to affect the financial statements of the Company.

3.4.2.10 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28) - The amendment amends accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.

3.4.3 *The following annual improvements to IFRS standards 2018 - 2020 are effective for annual reporting periods beginning on or after January 01, 2022*

The following annual improvements to IFRS Standards 2018-2020 are effective for annual reporting periods beginning on or after 01 January 2022.

- IFRS 9 - The amendment clarifies that an entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf, when it applies the '10 per cent' test in paragraph B3.3.6 of IFRS 9 in assessing whether to derecognize a financial liability.
- IFRS 16 - The amendment partially amends illustrative example 13 accompanying IFRS 16 by excluding the illustration of reimbursement of leasehold improvements by the lessor. The objective of the amendment is to resolve any potential confusion that might arise in lease incentives.
- IAS 41 - The amendment removes the requirement in paragraph 22 of IAS 41 for entities to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique

The above amendments are not likely to affect the financial statements of the Company.

4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year.

4.1 Property and equipment

4.1.1 Owned

Items of property and equipment are stated at historical cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to acquisition of the assets including borrowing costs.

Where major components of an item of property and equipment have different useful life, they are accounted for as separate items of property and equipment.

Subsequent costs are included in the carrying amount as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the statement of profit or loss during the year in which they are incurred.

Disposal of an item of property and equipment is recognized when significant risks and rewards incidental to ownership have been transferred. Gain or loss on disposal are determined by comparing the proceeds with the carrying amount and are recognized within "Other operating income" in the statement of profit or loss.

Depreciation is charged to statement of profit or loss applying the reducing balance method.

Depreciation is charged from the month when asset is available for use while no depreciation is charged in the month of disposal.

4.2 Intangible assets

These stated at the cost less accumulated amortization and impairment losses, if any. Amortization is charged using reducing balance method over assets estimated useful life, after taking into account residual value, useful life and amortization methods are reviewed and adjusted, if appropriate, at reporting date.

Amortization on additions is charged from the month the assets are put to use while no amortization is charged in the month in which the assets are disposed off.

Gain or loss on disposal, If any are included in the statement of profit or loss.

Trading right entitlement certificate and room

This is stated at cost less impairment, if any. The carrying amount is reviewed at each reporting date to assess whether it is in excess of it's recoverable amount, and where the carrying value exceeds estimated recoverable amount, it is written down to it's estimated recoverable amount.

4.3 Investment property

Property that is held for long - term rental yields or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the supply of services or for administrative purposes, is classified as investment property. Investment property is initially measured at it's cost, including related transaction cost and borrowing costs, if any. Subsequent to initial recognition investment property is measured at cost less accumulated depreciation.

4.4 Impairment of non-financial assets

The carrying amount of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any objective evidence that an asset or group of assets may be impaired. If any such evidence exists, the asset's or group of assets' recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is the higher of value in use and fair value less cost to sell. Impairment losses are recognized in the statement of profit or loss

4.5 Financial assets

Initial measurement

The Company classifies its financial assets in to following three categories:

- fair value through other comprehensive income (FVOCI);
- fair value through profit or loss (FVTPL); and
- measured at amortized cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition

Subsequent measurement

Debt Investments at FVOCI

These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss. Other net gains and losses are recognized in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss

Equity Investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to the statement of profit or loss.
Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognized in statement profit or loss.
Financial assets measured at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest / markup income, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss.

4.6 Investments

- Investment in equity shares are classified as "**At Fair Value - Through Profit or Loss**" and is initially measured at cost and subsequently is measured at fair value determined using the market value at each reporting date. Net gains and losses, including any interest / markup or dividend income, are recognized in statement profit or loss.

4.7 Settlement date accounting

All purchases and sales of securities that require delivery within the time frame established by regulation or market convention such as 'T+2' purchases and sales are recognized at the settlement date. Trade date is the date on which the Company commits to purchase or sale an asset.

4.8 Trade debts and other receivables

Trade debts and other receivable are recognized at fair value and subsequently measured at amortized cost. A provision for impairment in trade debts and other receivables is made when there is objective evidence that the Company will not be able to collect all amount due according to original terms of receivables. Trade debts and other receivables considered irrecoverable are written off. The receivable in respect of securities sold on behalf of clients are recorded at settlement date of transaction.

4.9 Fiduciary assets

Assets held in trust or in a fiduciary capacity by the Company are not treated as assets of the Company and accordingly are not included in these financial statements.

4.10 Cash and cash equivalents

Cash and cash equivalents in the statement of cash flow includes cash in hand and balances with banks.

4.11 Impairment of financial assets

The Company recognizes loss allowances for ECLs in respect of financial assets measured at amortized cost.

The Company measures loss allowances at an amount equal to lifetime ECLs deducting market value of securities available.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs less value of securities.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward - looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortized cost are deducted from the Gross carrying amount of the assets.

The Gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

4.12 De-recognition

Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

4.13 Financial liabilities

Financial liabilities are classified as measured at amortized cost or 'At Fair Value - Through Profit or Loss' (FVTPL). A financial liability is classified as at FVTPL if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the statement of profit or loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in the statement of profit or loss. Any gain or loss on de-recognition is also recognized in the statement of profit or loss.

Financial liabilities are derecognized when the contractual obligations are discharged or cancelled or have expired or when the financial liability's cash flows have been substantially modified.

4.14 Offsetting of financial assets and financial liabilities

Financial assets and financial liabilities are set off and only the net amount is reported in the statement of financial position when there is a legally enforceable right to set off the recognized amount and the Company intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously.

4.15 Borrowing / debt

Borrowings / debt is recognized initially at fair value, net of transaction costs incurred. These are subsequently measured at amortized cost and any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the statement of profit or loss over the period of borrowings / debt under the effective interest method. Markup / profit on borrowings / debt is calculated using the effective interest method and is recognized in the statement of profit or loss.

4.16 Share capital

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

4.17 Trade and other payables

Trade and other payable are recognized initially at fair value plus directly attributable costs, if any, and subsequently measured at amortized cost using an effective interest method. Trade payable in respect of securities purchased are recorded at settlement date of transaction.

These are classified as current liabilities if payment is due within one year or less (or in normal operating cycle of the business if longer). If not they are presented as non - current liabilities.

4.18 Taxation

The tax expense for the year comprises current and deferred tax. Tax is recognized in the statement of profit or loss, except to the extent that it related to items recognized in other comprehensive income or directly in equity. In this case tax is also recognized in other comprehensive income or directly in equity, respectively.

4.18.1 Current

The current income tax charge is based on the taxable income for the year calculated on the basis of the tax laws enacted or substantively enacted at the statement of financial position date, and any adjustment to tax payable in respect of previous year.

4.18.2 Deferred

Deferred tax is recognized using balance sheet method, providing for all temporary differences between carrying amount of assets and liabilities for financial reporting purposes and the amount used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profit will be available against which temporary differences can be utilized. Deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that the related tax benefits will be realized.

4.19 Provisions

Provisions are recognized when the Company has present legal or constructive obligation as result of past events and it is probable that an outflow of resources will be required to settle the obligation, and reliable estimates of the amount can be made of the amount of obligation. Provisions are reviewed at the each reporting date and adjusted to reflect current best estimate.

4.20 Revenue recognition

Revenue is recognized to the extent that is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of any direct expenses. revenue is recognized on the following basis.

- 1 Brokerage, consultancy, advisory fee and commission etc. are recognized as and when such services are provided based on settlement date accounting.
- 2 Income from bank deposits, reverse repo and margin deposits is recognized at effective yield on time proportion basis.
- 3 Gains / (losses) arising on sale of investment are included in the statement of profit or loss for the period which they arise.
- 4 Unrealized capital gains / (losses) arising from mark to market of investments classified as "financial assets at fair value through profit or loss" are included in the statement of profit or loss for the period in which they arise.
- 5 Rental income from investment properties is recognized on accrual basis.
- 6 Other income is recognized on receipt basis.

4.21 Related party transactions

All transactions involving related parties arising in the normal course of business are conducted at normal commercial rates on the same terms and condition as third party transactions using valuations models, as admissible, except in extremely rare circumstances where, subject to the approval of the Board of Directors, it is in the interest of the Company to do so and accordingly directors are allowed trading in shares free of commission.

5 USE OF ESTIMATES AND JUDGMENTS

The preparation of financial statements is in conformity with the approved financial reporting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affects the application of policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results on which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates is revised if the revision effects only the period, or in the period of the revision and future periods if the revision affects both current and future periods.

6. PROPERTY AND EQUIPMENT

6.1 The following is the statement of property and equipment:

31 FINANCIAL RISK MANAGEMENT

The Board of Directors of the Company has overall responsibility for establishment and oversight of the company's risk management framework. The Company has exposure to the following risks from its use of financial instrument:

- Market risk
- Liquidity risk
- Credit risk
- Operational risk

31.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

31.1.1 Interest rate risk

Interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. The Company is exposed to such risk mainly in respect of short term borrowings. Management of the Company estimates that 1% increase in the market interest rate, with all other factors remaining constant, would increase the Company's loss by Rs. nil and a 1% decrease would result in a decrease in the Company's loss by the same amount. However, in practice, the actual results may differ from the sensitivity analysis. Currently, The Company is not exposed to interest rate risk.

31.1.2 Foreign currency risk

Foreign currency risk is the risk that the fair value or the future cash flows of a financial instruments will fluctuate because of changes in foreign exchange rates. The Company does not have any financial instrument in foreign currencies and hence is not exposed to such risk.

31.1.3 Equity price risk

Equity price risk is that risk of volatility in share price resulting from their dependence on market sentiments, speculative activities, supply and demand for the shares and liquidity in the market. Management of the Company estimates that a 1% increase in overall equity prices in the market with all other factors remaining constant would increase the Company's equity by Rs. 0.55 (2020: Rs. 0.28) Million and a 1% decrease would result in a decrease in the Company's equity by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

31.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligation associated with its financial liabilities that are settled by delivering cash or another financial assets. Liquidity risk arises because of possibility that the Company could required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding to an adequate amount of committed credit facilities and the ability to close out market options due to the dynamic nature of the business. The Company's treasury aims at maintaining flexibility in funding by keeping committed credit lines available. The following are the contractual maturities of financial liabilities.

Financial Liabilities

Trade payables, accrued expense and other liabilities

2021	
Carrying Amount	Within one year
----- Rupees -----	
14,044,659	14,044,659

Financial Liabilities

Trade payables, accrued expense and other liabilities

2020	
Carrying Amount	Within one year
----- Rupees -----	
11,083,950	11,083,950

31.3 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Credit risk arises from inability of the issuers of the instruments, the relevant financial institutions or counter parties in case of placements or other arrangements to fulfill their obligations.

31.3.1 Exposure to credit risk

Credit risk of the Company arises principally from the trade debts, short term investments, loans and advances, deposits and other receivables. The carrying amount of the financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Company has developed its own risk management policies and guidelines whereby clients are provided trading limits according to their worth and proper margins are collected and maintained from the clients. The management continuously monitors the credit exposure towards the clients and makes provision against those balances considered doubtful of recovery.

The Company's policy is to enter into financial contracts in accordance with the internal risk management policies and investment and operational guidelines approved by the Board of Directors. In addition, credit is also minimized due to the fact that the Company invests only in high quality financial assets, majority of which have been rated by a reputable rating agency. All transactions are settled / paid for upon delivery. The Company does not expect to incur material credit losses on its financial assets. The maximum exposure to credit risk at the reporting date is follows:

	2021 Rupees	2020 Rupees
Long term deposits	4,746,609	4,836,609
Short term investments	55,424,136	28,038,000
Trade receivables	25,958,505	17,438,775
Exposure deposits	37,039,032	37,882,757
Other receivable	-	106,165
Bank balances	115,664,401	110,413,319
	238,832,683	198,715,625

31.4 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with processes technology and infrastructure supporting the Company's operations either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour.

The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns for investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. The responsibility encompasses the controls in the following areas.

- 1) Requirements for appropriate segregation of duties between various functions, roles and responsibility;
- 2) Requirements for the reconciliation and monitoring of transactions;
- 3) Compliance with regulatory and other legal requirements;
- 4) Documentation of control and procedures;
- 5) Requirements for the periodic assessment of operational risk faced, and the adequacy of controls and procedures to address the risk identified;
- 6) ethical and business standards;
- 7) Risk mitigation, including insurance where this is effective.

Fair value of financial instruments

The carrying values of all financial assets and liabilities reflected in these financial statements approximate to their fair value. The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1:	Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.
Level 2:	Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
Level 3:	Fair value measurements using inputs for the assets or liability that are not based on observable market data (i.e. unobservable inputs).

Fair value of the financial assets that are traded in active markets are based on quoted market prices or dealer prices quotations.

The table below analysis financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized.

	2021			
	Level 1	Level 2	Level 3	Total
	----- Rupees -----			
At fair value - through profit or loss				
Listed securities	55,424,136	-	-	55,424,136

	2020			
	Level 1	Level 2	Level 3	Total
	----- Rupees -----			
At fair value - through profit or loss				
Listed securities	28,038,000	-	-	28,038,000

32 CAPITAL MANAGEMENT

The primary objective of the Company's capital management is to maintain healthy capital ratios, strong credit rating and optimal capital structure in order to ensure availability of finance for its existing operations, for maximizing shareholder's value, for tapping potential investment opportunities and to reduce cost of capital.

The Company manages its capital structure and makes adjustment to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares.

The Company finance its operations through equity.

33 CAPITAL ADEQUACY LEVEL

	Note	2021 Rupees	2020 Rupees
<i>The Capital adequacy level as required by CDC is calculated as follows:</i>			
Total Assets	33.1	255,767,176	222,911,706
Less: Total liabilities		(14,856,788)	(11,182,765)
Less: Revaluation Reserves (created upon revaluation of Fixed Assets)		-	-
Capital Adequacy Level		240,910,388	211,728,941

33.1 While determining the value of the total assets of the TREC Holder, Notional value of TREC held by such participant as at year ended June 30, 2021 as determined by Pakistan Stock Exchange Limited has been considered.

34 CASH AND CASH EQUIVALENTS

	2021 Rupees	2020 Rupees
Cash in hand	40,414	33,520
Cash at bank	115,664,401	110,413,319
	115,704,815	110,446,839
