

**INDEPENDENT AUDITOR'S REPORT  
TO THE MEMBERS OF GMI CAPITAL SECURITIES (PRIVATE) LIMITED  
REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS**

***Opinion***

We have audited the annexed financial statements of **GMI Capital Securities (Private Limited)** which comprise the statement of financial position as at June 30, 2023, and the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the loss, other comprehensive loss, the changes in equity and its cash flows for the year then ended.

***Basis for Opinion***

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

***Information Other than the Financial Statements and Auditor's Report Thereon***

Management is responsible for the other information. The Other Information comprises the information included in the Company's Annual Report does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Other Information and, in doing so, consider whether the Other Information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this Other Information, we are required to report that fact. We have nothing to report in this regard.

### ***Responsibilities of Management and Board of Directors for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit to design audit procedures that are appropriate in the circumstances, but not for expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

#### *Report on Other Legal and Regulatory Requirements*

Based on our audit, we further report that in our opinion:

- proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- the statement of financial position, the statement of profit or loss, the statement of other comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the Company's business; and
- No zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).
- the Company was in compliance with the requirement of section 78 of the Securities Act 2015, section 62 of the Futures Market Act, 2016, and the relevant requirements of Securities Brokers (Licensing and Operations) Regulations, 2016, as at the date on which the financial statements were prepared.

The engagement partner on the audit resulting in this independent auditor's report is **Farhan Ahmed Memon**.

**GMI CAPITAL SECURITIES (PRIVATE) LIMITED**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2023**

**1 NATURE AND STATUS OF BUSINESS**

GMI Capital Securities (Private) Limited (the Company) was incorporated in May 22, 2006 as private limited company. The registered office of the Company is situated at 705, 7th Floor, Stock Exchange Building, Stock Exchange Road, Karachi, Pakistan. The Company is engaged in the business of financial consultancy, brokerage, underwriting and investment counseling. It is a Trading Right Holder of the Pakistan Stock Exchange Limited.

**2 BASIS OF PRESENTATION**

**2.1 Statement of compliance**

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of :

- International Financial Reporting Standards for Small and Medium - Sized Entities (IFRS for SMEs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017 ; and
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions and directives issued under the Companies Act, 2017 differ from the IFRS for SMEs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

Preparation of financial statements also include disclosure required by Securities Brokers (Licensing and Operations) Regulations, 2016.

**2.2 Basis of measurement**

These financial statements have been prepared under the historical cost convention, except for derivatives and investment.

**2.3 Functional and presentation currency**

These financial statements are presented in Pak Rupees, which is the Company's functional and presentation currency.

**2.4 New accounting pronouncements**

**2.4.1 Amendments to approved accounting standards and interpretations which became effective during the year ended June 30, 2023.**

During the year certain new accounting and reporting standards / amendments / interpretations became effective and applicable to the Company. However, since such updates were not considered to be relevant to these financial statements, the same have not been reported.

**2.4.2 New / revised accounting standards, amendments to published accounting standards and interpretations that are not yet effective:**

The following International Financial Reporting Standards (IFRS Standards) as notified under the Companies Act, 2017 and the amendments and interpretations thereto will be effective for accounting periods beginning on or after the dates specified below:

**2.4.2.1** Amendments to IAS - 1 "Presentation of Financial Statements" - classification of liabilities as current or non - current amendments apply retrospectively for the annual periods beginning on or after January 01, 2023. These amendments in the standards have been added to further clarify when a liability is classified as current. The standard also amends the aspect of classification of liability as non - current by requiring the assessment of the entity's right at the end of the reporting period to defer the settlement of liability for at least twelve months after the reporting period. An entity shall apply those amendments retrospectively in accordance with IAS - 8. The management is currently in the process of assessing the impacts of these amendments to these financial statements.

**2.4.2.2** Disclosure of Accounting Policies (Amendments to IAS - 1 and IFRS Practice Statement 2) - the Board has issued amendments on the application of materiality to disclosure of accounting policies and to help Companies provide useful accounting policy disclosures. The key amendments to IAS - 1 include:

- a.** requiring companies to disclose their material accounting policies rather than their significant accounting policies;
- b.** clarifying that accounting policies relating to immaterial transactions, other events or conditions are themselves immaterial and as such need not to be disclosed; and
- c.** clarifying that not all accounting policies that relate to material transactions, other events or conditions are themselves material to a company's financial statements.

The management is currently in the process of assessing the impacts of above amendments to these financial statements.

The Board also amended IFRS Practice Statement 2 to include guidance and two additional examples on the application of materiality to accounting policy disclosures. The amendments are effective for annual reporting periods beginning on or after January 01, 2023 with earlier application permitted..

**2.4.2.3** The International Accounting Standards Board (the Board) has issued these amendments to end diversity in treatment of accounting estimates and clarified how companies should distinguish changes in accounting policies from changes in accounting estimates, with a primary focus on the definition of and clarifications on accounting estimates. Developing an accounting estimate includes both selecting a measurement technique (estimation or valuation technique) – e.g. an estimation technique used to measure a loss allowance for expected credit losses when applying IFRS 9 Financial Instruments; and – choosing the inputs to be used when applying the chosen measurement technique – e.g. the expected cash outflows for determining a provision for warranty obligations when applying IAS 37 Provisions, Contingent Liabilities and Contingent Assets. The effects of changes in such inputs or measurement techniques are changes in accounting estimates. The amendments are effective for annual reporting periods beginning on or after January 01, 2023

**2.4.2.4** Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS - 12) - The amendments narrow the scope of the initial recognition exemption (IRE) so that it does not apply to transactions that give rise to equal and offsetting temporary differences. As a result, Companies will need to recognize a deferred tax asset and a deferred tax liability for temporary differences arising on initial recognition of a lease and a decommissioning provision. For leases and decommissioning liabilities, the associated deferred tax asset and liabilities will need to be recognized from the beginning of the earliest comparative period presented, with any cumulative effect recognized as an adjustment to retained earnings or other components of equity at that date. The amendments are effective for annual reporting periods beginning on or after January 01, 2023 with earlier application permitted. The amendments are not likely to affect the financial statements of the Company.

**2.4.2.5 Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS - 10 and IAS - 28)** - The amendment amends accounting treatment on loss of control of business or assets. The amendments also introduce new accounting for less frequent transaction that involves neither cost nor full step-up of certain retained interests in assets that are not businesses. The effective date for these changes has been deferred indefinitely until the completion of a broader review.

**2.4.2.6** Under existing IAS 1 requirements, companies classify a liability as current when they do not have an unconditional right to defer settlement of the liability for at least twelve months after the end of the reporting period. As part of this amendments, the requirement for a right to be unconditional has been removed and instead, the amendments requires that a right to defer settlement must have substance and exist at the end of the reporting period. This right may be subject to a company complying with conditions (covenants) specified in a loan arrangement. At October 31, 2022, after reconsidering certain aspects of the amendments, the IASB reconfirmed that only covenants with which a company must comply on or before the reporting date affect the classification of a liability as current or non-current. Covenants with which the company must comply after the reporting date (i.e. future covenants) do not affect a liability's classification at that date. However, when non-current liabilities are subject to future covenants, companies will now need to disclose information to help users understand the risk that those liabilities could become repayable within 12 months after the reporting date. The amendments are effective for annual reporting periods beginning on or after January 01, 2024 with earlier application permitted. The amendments are not likely to affect the financial statements of the Company.

**2.4.2.7** Amendments impact how a seller-lessee accounts for variable lease payments that arise in a sale-and-leaseback transaction. On initial recognition, the seller-lessee includes variable lease payments when it measures a lease liability arising from a sale-and-leaseback transaction. After initial recognition, the seller-lessee applies the general requirements for subsequent accounting of the lease liability such that it recognizes no gain or loss relating to the right of use it retains. The amendments introduce a new accounting model for variable payments and will require seller-lessees to reassess and potentially restate sale-and-leaseback transactions entered. The amendments are effective for annual reporting periods beginning on or after January 01, 2024 with earlier application permitted. The amendments are not likely to affect the financial statements of the Company.

There are number of other standards, amendments and interpretations to the approved accounting standards that are not yet effective and are also not relevant to the Company and therefore, have not been presented here.

### **3 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year:

#### **3.1 Property and equipment**

##### **3.1.1 Owned**

Items of property and equipment are stated at historical cost less accumulated depreciation and impairment losses, if any. Historical cost includes expenditure that is directly attributable to acquisition of the assets including borrowing costs.

Where major components of an item of property and equipment have different useful life, they are accounted for as separate items of property and equipment.

Subsequent costs are included in the carrying amount as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance are charged to the statement of profit or loss during the year in which they are incurred.

Disposal of an item of property and equipment is recognized when significant risks and rewards incidental to ownership have been transferred. Gain or loss on disposal are determined by comparing the proceeds with the carrying amount and are recognized within "Other operating income" in the statement of profit or loss.

Depreciation is charged to statement of profit or loss applying the reducing balance method.

Depreciation is charged from the month when asset is available for use while no depreciation is charged in the month of disposal.

### **3.2 *Intangible assets***

These stated at the cost less accumulated amortization and impairment losses, if any. Amortization is charged using reducing balance method over assets estimated useful life, after taking into account residual value, useful life and amortization methods are reviewed and adjusted, if appropriate, at reporting date.

Amortization on additions is charged from the month the assets are put to use while no amortization is charged in the month in which the assets are disposed off.

Gain or loss on disposal, If any are included in the statement of profit or loss.

#### ***Trading right entitlement certificate and room***

This is stated at cost less impairment, if any. The carrying amount is reviewed at each reporting date to assess whether it is in excess of its recoverable amount, and where the carrying value exceeds estimated recoverable amount, it is written down to its estimated recoverable amount.

### **3.3 *Investment property***

Property that is held for long - term rental yields or for capital appreciation or for both, but not for sale in the ordinary course of business, use in the supply of services or for administrative purposes, is classified as investment property. Investment property is initially measured at its cost, including related transaction cost and borrowing costs, if any. Subsequent to initial recognition investment property is measured at cost less accumulated depreciation.

### **3.4 *Impairment of non-financial assets***

The carrying amount of the Company's non-financial assets are reviewed at each reporting date to determine whether there is any objective evidence that an asset or group of assets may be impaired. If any such evidence exists, the asset's or group of assets' recoverable amount is estimated. An impairment loss is recognized whenever the carrying amount of an asset exceeds its recoverable amount. Recoverable amount is the higher of value in use and fair value less cost to sell. Impairment losses are recognized in the statement of profit or loss.

### **3.5 *Financial assets***

#### ***Initial measurement***

The Company classifies its financial assets in to following three categories:

- fair value through other comprehensive income (FVOCI);
- fair value through profit or loss (FVTPL); and
- measured at amortized cost.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction costs that are directly attributable to its acquisition

### *Subsequent measurement*

Debt Investments at FVOCI	These assets are subsequently measured at fair value. Interest / markup income calculated using the effective interest method, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss. Other net gains and losses are recognized in other comprehensive income. On de-recognition, gains and losses accumulated in other comprehensive income are reclassified to the statement of profit or loss
Equity Investments at FVOCI	These assets are subsequently measured at fair value. Dividends are recognized as income in the statement of profit or loss unless the dividend clearly represents a recovery of part of the cost of the investment. Other net gains and losses are recognized in other comprehensive income and are never reclassified to the statement of profit or loss.
Financial assets at FVTPL	These assets are subsequently measured at fair value. Net gains and losses, including any interest / markup or dividend income, are recognized in statement profit or loss.
Financial assets measured at amortized cost	These assets are subsequently measured at amortized cost using the effective interest method. The amortized cost is reduced by impairment losses. Interest / markup income, foreign exchange gains and losses and impairment are recognized in the statement of profit or loss.

### *3.6 Investments*

- Investment in equity shares are classified as "At Fair Value - Through Profit or Loss" and is initially measured at cost and subsequently is measured at fair value determined using the market value at each reporting date. Net gains and losses, including any interest / markup or dividend income, are recognized in statement profit or loss.

### *3.7 Settlement date accounting*

All purchases and sales of securities that require delivery within the time frame established by regulation or market convention such as 'T+2' purchases and sales are recognized at the settlement date. Trade date is the date on which the Company commits to purchase or sale an asset.

### *3.8 Trade debts and other receivables*

Trade debts and other receivable are recognized at fair value and subsequently measured at amortized cost. A provision for impairment in trade debts and other receivables is made when there is objective evidence that the Company will not be able to collect all amount due according to original terms of receivables. Trade debts and other receivables considered irrecoverable are written off. The receivable in respect of securities sold on behalf of clients are recorded at settlement date of transaction.

### *3.9 Fiduciary assets*

Assets held in trust or in a fiduciary capacity by the Company are not treated as assets of the Company and accordingly are not included in these financial statements.

### *3.10 Cash and cash equivalents*

Cash and cash equivalents in the statement of cash flow includes cash in hand and balances with banks.

### **3.11 Impairment of financial assets**

The Company recognizes loss allowances for ECLs in respect of financial assets measured at amortized cost.

The Company measures loss allowances at an amount equal to lifetime ECLs deducting market value of securities available.

Loss allowances for trade receivables are always measured at an amount equal to lifetime ECLs less value of securities.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Company's historical experience and informed credit assessment and including forward - looking information.

The Company assumes that the credit risk on a financial asset has increased significantly if it is more than past due for a reasonable period of time. Lifetime ECLs are the ECLs that result from all possible default events over the expected life of a financial instrument. 12-month ECLs are the portion of ECLs that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months). The maximum period considered when estimating ECLs is the maximum contractual period over which the Company is exposed to credit risk.

Loss allowances for financial assets measured at amortized cost are deducted from the Gross carrying amount of the assets.

The Gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering of a financial asset in its entirety or a portion thereof. The Company individually makes an assessment with respect to the timing and amount of write-off based on whether there is a reasonable expectation of recovery. The Company expects no significant recovery from the amount written off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

### **3.12 De-recognition**

Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Company has transferred substantially all risks and rewards of ownership.

### **3.13 Financial liabilities\***

Financial liabilities are classified as measured at amortized cost or 'At Fair Value - Through Profit or Loss' (FVTPL). A financial liability is classified as at FVTPL if it is classified as held for trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognized in the statement of profit or loss.

Other financial liabilities are subsequently measured at amortized cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognized in the statement of profit or loss. Any gain or loss on de-recognition is also recognized in the statement of profit or loss.

Financial liabilities are derecognized when the contractual obligations are discharged or cancelled or have expired or when the financial liability's cash flows have been substantially modified.

### **3.14 Offsetting of financial assets and financial liabilities**

Financial assets and financial liabilities are set off and only the net amount is reported in the statement of financial position when there is a legally enforceable right to set off the recognized amount and the Company intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously

### **3.15 Borrowing / debt**

Borrowings / debt is recognized initially at fair value, net of transaction costs incurred. These are subsequently measured at amortized cost and any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the statement of profit or loss over the period of borrowings / debt under the effective interest method. Markup / profit on borrowings / debt is calculated using the effective interest method and is recognized in the statement of profit or loss.

### **3.16 Share capital**

Ordinary shares are classified as equity and recognized at their face value. Incremental costs directly attributable to the issue of new shares or options are shown in equity as deduction, net of tax, from the proceeds.

### **3.17 Trade and other payables**

Trade and other payable are recognized initially at fair value plus directly attributable costs, if any, and subsequently measured at amortized cost using an effective interest method. Trade payable in respect of securities purchased are recorded at settlement date of transaction.

These are classified as current liabilities if payment is due within one year or less (or in normal operating cycle of the business if longer). If not they are presented as non - current liabilities.

### **3.18 Taxation**

The tax expense for the year comprises current and deferred tax. Tax is recognized in the statement of profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case tax is also recognized in other comprehensive income or directly in equity, respectively.

#### **3.18.1 Current**

The current income tax charge is based on the taxable income for the year calculated on the basis of the tax laws enacted or substantively enacted at the statement of financial position date, and any adjustment to tax payable in respect of previous year.

#### **3.18.2 Deferred**

Deferred tax is recognized using balance sheet method, providing for all temporary differences between carrying amount of assets and liabilities for financial reporting purposes and the amount used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognized only to the extent that it is probable that future taxable profit will be available against which temporary differences can be utilized. Deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that the related tax benefits will be realized.

### **3.19 Provisions**

Provisions are recognized when the Company has present legal or constructive obligation as result of past events and it is probable that an outflow of resources will be required to settle the obligation, and reliable estimates of the amount can be made of the amount of obligation. Provisions are reviewed at the each reporting date and adjusted to reflect current best estimate.

### **3.20 Revenue recognition**

Revenue is recognized to the extent that is probable that the economic benefits will flow to the Company and the amount of revenue can be measured reliably. Revenue is measured at the fair value of the consideration received or receivable, net of any direct expenses, revenue is recognized on the following basis.

- 1 Brokerage, consultancy, advisory fee and commission etc. are recognized as and when such services are provided based on settlement date accounting.
- 2 Income from bank deposits, reverse repo and margin deposits is recognized at effective yield on time proportion basis.
- 3 Gains / (losses) arising on sale of investment are included in the statement of profit or loss for the period which they arise.
- 4 Unrealized capital gains / (losses) arising from mark to market of investments classified as "financial assets at fair value through profit or loss" are included in the statement of profit or loss for the period in which they arise.
- 5 Rental income from investment properties is recognized on accrual basis.
- 6 Other income is recognized on receipt basis.

### **3.21 Related party transactions**

All transactions involving related parties arising in the normal course of business are conducted at normal commercial rates on the same terms and condition as third party transactions using valuations models, as admissible, except in extremely rare circumstances where, subject to the approval of the Board of Directors, it is in the interest of the Company to do so and accordingly directors are allowed trading in shares free of commission.

## **4 USE OF ESTIMATES AND JUDGMENTS**

The preparation of financial statements is in conformity with the approved financial reporting standards as applicable in Pakistan, requires management to make judgments, estimates and assumptions that affects the application of policies and the reported amounts of assets, liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results on which form the basis of making judgments about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates is revised if the revision effects only the period, or in the period of the revision and future periods if the revision affects both current and future periods.

## 5 PROPERTY AND EQUIPMENT

## 30 FINANCIAL RISK MANAGEMENT

The Board of Directors of the Company has overall responsibility for establishment and oversight of the company's risk management framework. The Company has exposure to the following risks from its use of financial instrument:

- Market risk
- Liquidity risk
- Credit risk
- Operational risk

### 30.1 Market risk

Market risk is the risk that the fair value or future cash flows of financial instruments will fluctuate due to changes in market variables such as interest rates, foreign exchange rates and equity prices.

### 30.1.1 Interest rate risk

Interest rate risk is the risk that the value of the financial instrument will fluctuate due to changes in the market interest rates. The Company is exposed to such risk mainly in respect of short term borrowings. Management of the Company estimates that 1% increase in the market interest rate, with all other factors remaining constant, would increase the Company's loss by Rs. nil and a 1% decrease would result in a decrease in the Company's loss by the same amount. However, in practice, the actual results may differ from the sensitivity analysis. Currently, The Company is not exposed to interest rate risk.

### 30.1.2 Foreign currency risk

Foreign currency risk is the risk that the fair value or the future cash flows of a financial instruments will fluctuate because of changes in foreign exchange rates. The Company does not have any financial instrument in foreign currencies and hence is not exposed to such risk.

### 30.1.3 Equity price risk

Equity price risk is the risk of volatility in share price resulting from their dependence on market sentiments, speculative activities, supply and demand for the shares and liquidity in the market. Management of the Company estimates that a 1% increase in overall equity prices in the market with all other factors remaining constant would increase the Company's equity by Rs. 0.60 (2021: Rs. 0.55) Million and a 1% decrease would result in a decrease in the Company's equity by the same amount. However, in practice, the actual results may differ from the sensitivity analysis.

### 30.2 Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations associated with its financial liabilities that are settled by delivering cash or another financial assets. Liquidity risk arises because of possibility that the Company could be required to pay its liabilities earlier than expected or difficulty in raising funds to meet commitments associated with financial liabilities as they fall due. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities, the availability of funding to an adequate amount of committed credit facilities and the ability to close out market options due to the dynamic nature of the business. The Company's treasury aims at maintaining flexibility in funding by keeping committed credit lines available. The following are the contractual maturities of financial liabilities.

	<i>2023</i>	
	<i>Carrying Amount</i>	<i>Within one year</i>
	<i>Rupees -----</i>	
<b><i>Financial Liabilities</i></b>		
Trade payables, accrued expense and other liabilities	9,295,000	9,295,000

	2022	
	Carrying Amount	Carrying Amount
	----- Rupees -----	
<i>Financial Liabilities</i>		
Trade payables, accrued expense and other liabilities	6,760,766	6,760,766

### 30.3 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss, without taking into account the fair value of any collateral. Credit risk arises from inability of the issuers of the instruments, the relevant financial institutions or counter parties in case of placements or other arrangements to fulfill their obligations.

#### 30.3.1 Exposure to credit risk

Credit risk of the Company arises principally from the trade debts, short term investments, loans and advances, deposits and other receivables. The carrying amount of the financial assets represents the maximum credit exposure. To reduce the exposure to credit risk, the Company has developed its own risk management policies and guidelines whereby clients are provided trading limits according to their worth and proper margins are collected and maintained from the clients. The management continuously monitors the credit exposure towards the clients and makes provision against those balances considered doubtful of recovery.

The Company's policy is to enter into financial contracts in accordance with the internal risk management policies and investment and operational guidelines approved by the Board of Directors. In addition, credit is also minimized due to the fact that the Company invests only in high quality financial assets, majority of which have been rated by a reputable rating agency. All transactions are settled / paid for upon delivery. The Company does not expect to incur material credit losses on its financial assets. The maximum exposure to credit risk at the reporting date is follows:

	2023 Rupees	2022 Rupees
Long term deposits	6,096,609	5,996,609
Short term investments	52,583,107	59,631,874
Trade receivables	27,672,307	27,548,274
Exposure deposits	36,300,000	36,300,000
Bank balances	67,924,634	67,252,521
	<hr/> <u>190,576,657</u>	<hr/> <u>196,729,278</u>

### 30.4 Operational risk

Operational risk is the risk of direct or indirect loss arising from a wide variety of causes associated with processes technology and infrastructure supporting the Company's operations either internally within the Company or externally at the Company's service providers, and from external factors other than credit, market and liquidity risks such as those arising from legal and regulatory requirements and generally accepted standards of investment management behaviour.

The Company's objective is to manage operational risk so as to balance limiting of financial losses and damage to its reputation with achieving its investment objective of generating returns for investors.

The primary responsibility for the development and implementation of controls over operational risk rests with the board of directors. The responsibility encompasses the controls in the following areas.

- 1) Requirements for appropriate segregation of duties between various functions, roles and responsibility;
- 2) Requirements for the reconciliation and monitoring of transactions;
- 3) Compliance with regulatory and other legal requirements;

- 4) Documentation of control and procedures;
- 5) Requirements for the periodic assessment of operational risk faced, and the adequacy of controls and procedures to address the risk identified;
- 6) ethical and business standards;
- 7) Risk mitigation, including insurance where this is effective.

***Fair value of financial instruments***

The carrying values of all financial assets and liabilities reflected in these financial statements approximate to their fair value. The Company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

**Level 1:** Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

**Level 2:** Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

**Level 3:** Fair value measurements using inputs for the assets or liability that are not based on observable market data (i.e. unobservable inputs).

Fair value of the financial assets that are traded in active markets are based on quoted market prices or dealer prices quotations.

The table below analysis financial instruments measured at fair value at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorized.

	2023			
	Level 1	Level 2	Level 3	Total
	----- Rupees -----			
<i>At fair value - through profit or loss</i>				
Listed securities	52,583,107	-	-	52,583,107
2022				
----- Rupees -----				
<i>At fair value - through profit or loss</i>				
Listed securities	59,631,874	-	-	59,631,874

### **31 CAPITAL MANAGEMENT**

The primary objective of the Company's capital management is to maintain healthy capital ratios, strong credit rating and optimal capital structure in order to ensure availability of finance for its existing operations, for maximizing shareholder's value, for tapping potential investment opportunities and to reduce cost of capital.

The Company manages its capital structure and makes adjustment to it, in light of changes in economic conditions. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares.

The Company finances its operations through equity.

	2023	2022
	Rupees	Rupees

### 32 CAPITAL ADEQUACY LEVEL

*The Capital adequacy level as required by CDC is calculated as follows:*

Total Assets	32.1	214,764,123	220,703,202
Less: Total liabilities		(9,353,931)	(7,007,778)
<i>Less: Revaluation Reserves</i> <i>(created upon revaluation of Fixed Assets)</i>		-	-
<i>Capital Adequacy Level</i>		<u>205,410,192</u>	<u>213,695,424</u>

32.1 While determining the value of the total assets of the TREC Holder, Notional value of TREC held by such participant as at year ended June 30, 2023 as determined by Pakistan Stock Exchange Limited has been considered.

### 33 CASH AND CASH EQUIVALENTS

	2023	2022
	Rupees	Rupees
